

Monmouth, Ill.

Sept 22, 1898

Dear Mamma & Alf,

I will write some to you this
ev. I have just got Eula
to bed it is right o'clock.

Roy got home Mon, eve. I
was awful glad to see him
I can assure you - He
done real well down there
& is going to Galesburg
next week. It is yet
uncertain when I will
come home. If we can rent
rooms furnished for light
house-keeping up there I
will go & stay till he
is through and if not

Mrs. J. D. Mc Gill.

Emerson,

da.

I will come while he is there. I am anxious to come but it will take lots of Money. I suppose you went to the Exposition yesterday. I don't think I will take that in if I come home, I couldn't take Eula - & I wouldn't go without her so you see just how it is.

I have a cold on my lungs. I don't remember of ever being so afflicted before - I could not speak this morning without hurting my lungs & throat too. but I am better now. Co. H - got home yesterday & the whole town turned out to meet them. They didn't all

come, some were sick
+ left behind.

I am making baby a
little red calico dress, Alma
got it for her + I just
had to make it up but
it isn't pretty for her -
It makes her look older.
She is getting cuter every
day - She eats potatoes +
gravy - all we will give
her - I put her on my
lap at the table + she
makes a grab at the
thing she can reach as
soon as I sit down with
her. She can use her
hands pretty good + can

sit up real straight alone.

but I never leave her alone without putting pillows around her for when she laughs she throws herself so she tumbles over.

Harry's baby weighs 11 lbs now it will be 2 mo old the 26th.

Emma weighs 21 lbs. Her hair has just taken a start. It will be dark I think. I would like to see Battie & Tommy. I wish we were as well prepared for winter fuel as you folks are, we will have to have a cook stove this winter too.

I didn't know I hadn't

said anything about
the baby in my
letters - I guess I was
in too big a hurry when
I wrote. You needn't
bother to get her shoes for
they might not fit &
we can get them here
cheaper I expect. Roy
priced some when he
was up Tues eve., & said
we could get nice ones
for 50¢.

Lizzie
& Aunt Kate came up
Monday to trade. They
brought me 3 heads of nice
cabbage & some grapes.
I am going to use the

cabbage for my pickles
well I will close &
finish this tomorrow.

Friday. I am baking
bread today and have
done out quite a
washing and I am
pretty tired - I have
such an awful cold I
can hardly stand it
I have to quit & get the
house cleaned up now &
my hair combed.
As ever - Carrie
